NI Product Activation

Activation Information

Product:	Multisim
Version:	12.0.1
Activation Code:	XXXX-XXXX-XXXX-XXXX-XXXX

Activation Directions for Windows:

If your product is not yet activated, use the Activation Wizard to apply the activation code. To launch the Activation Wizard:

- Launch your NI software and select **Activate** from the initial screen
- or --
- Launch NI License Manager from Start->Programs->National Instruments->NI License Manager. Select **Activate** from the toolbar.

For your convenience, we e-mail your activation code to the address you provided in the previous screen. Save this activation code. With it, you can reactivate your product without repeating this process. Please note that the activation code only works with the computer whose computer ID you provided at the beginning of this process.

Troubleshooting:

- For assistance getting your activation code or activation file to work, please [contact technical support](#).
- For assistance obtaining an activation code or activation file, please [contact customer service](#).
- For answers to common questions and troubleshooting techniques, please [go to the product activation support page](#).

Registration:

Have you registered your NI product? [Register online!](#)
